Anula Kathuria
PGDM - HRM Batch of 2019-2021

The PGDM-HRM curriculum at TAPMI has been intricately designed to ensure that the students get a chance to learn academically and then apply this knowledge in various industry-related ventures like Summer Internships, Live Projects, B-School competitions, and international accredited certifications (SHRM). These avenues provided by the institute ultimately ensured that I was ready to enter the corporate world and take on any challenge posed by the precarious situations created by the pandemic.

Archana Iyer
PGDM - HRM Batch of 2019-2021

My journey at TAPMI has been truly enriching. While pursuing the PGDM-HRM program, I not only gained academic knowledge and business clarity but was able to develop a robust and dynamic personality as well. Highly qualified faculty members help students develop the conceptual prowess using the most effective pedagogy. The opportunity to work with the Corporate Engagement Team at TAPMI has instilled in me values such as integrity, accountability, time-management, and a great sense of teamwork.
